## **MILLER-KEYSTONE BLOOD CENTER NAMED BLOOD PROVIDER TO CHESTNUT HILL HOSPITAL**

BETHLEHEM, PA - - Miller-Keystone Blood Center was recently named as blood provider to Chestnut Hill Hospital (Philadelphia, PA). In this capacity, Miller-Keystone will serve as the provider of blood products and patient services to the Hospital and residents of the community.

“Chestnut Hill Hospital selected Miller-Keystone because of its 40-year history of quality service to more than 20 hospitals in our region,” says Brooks Turkel, CEO, Chestnut Hill Hospital. “They have a solid record of FDA compliance for quality and safety in blood collection, testing and distribution. This change will not impact the blood supply to the community. Our patients will continue to receive the life-saving blood products they need.”

“Miller-Keystone will be working to establish and build relationships with community groups to work together to get donors involved,” says Turkel. “Within the area, residents will start to see Miller-Keystone Blood Center bloodmobile vehicles and the Center’s blood drives will be set up at schools, religious centers, businesses and other organizations.”

Miller-Keystone Blood Center is a not-for-profit, 501(c)(3) community blood center that has served Eastern Pennsylvania and Western New Jersey since 1971. Headquartered in Bethlehem (PA), Miller-Keystone currently operates six regional donor centers in Allentown, Bethlehem, Easton, Hazleton, Lionville and Reading (PA), and hosts more than 2,000 bloodmobiles annually. The Center serves as the only supplier of blood products to 22 hospitals in the region. For more than 40 years, the Center has maintained a record of FDA

compliance for quality and safety in blood collections, testing and distribution. Miller-Keystone is the fourth blood program in the nation to receive the ISO9001 quality registration, and one of three blood centers in the nation to be named a "Center of Excellence" by Caridian BCT, a world leader in automated blood collections.

"Miller-Keystone Blood Center is proud to be selected as exclusive blood provider to Chestnut Hill Hospital," says Joseph Yelo, Vice President, Administration, Miller-Keystone Blood Center. "The Blood Center looks forward to working with the Hospital, community organizations, and high schools and colleges in the region to ensure a safe, stable and continuous blood supply for your community."
