

MILLER-KEYSTONE
BLOOD CENTER

2011-2012 Annual Report of Gifts

DEAR FRIENDS:

The professional staff of Miller-Keystone Blood Center (MKBC) are dedicated to delivery. For four decades, we have been the critical blood supplier to our regional hospitals, and today, we are privileged to serve as the only supplier of blood products to 25 hospitals in 12 PA and NJ counties.

In 2011-2012, three new hospitals joined MKBC's blood program: Chestnut Hill Hospital (Philadelphia, PA), Jennersville Regional Hospital (West Grove, PA) and the Anderson Campus of the St. Luke's University Health Network (Easton, PA).

FDA, AABB, ISO and PA Department of Health inspections took place this past year with no deficiencies reported, reflecting our commitment to quality and service excellence. Our Quality Assurance department also implemented its first Lean project in streamlining donor collection operations.

Renovations were completed at Easton donor center, and our Lionville donor celebrated its first year of service to residents in Chester County (PA).

During the course of the year, a new Laboratory test analyzer was installed, and both our blood bank information system, SafeTrace, and our donor management Vista information system, were upgraded. At year's end, our IS department was also preparing for Phase I of an IS infrastructure upgrade, to provide for faster response time to all critical Blood Center applications, better security and higher quality of service.

A web-based hospital online order entry system was presented to our blood bank supervisors, and was very well received with several hospitals volunteering to beta-test the system. This system will enhance workflow and communication between the hospitals and our Product Management department.

This spring, scholarships were presented to 14 high school seniors in recognition of their efforts to stimulate interest and increase the available blood supply in our area. Blood Center volunteers, meanwhile, donated more than 26,000 hours of service as Canteen Attendants, Donor Aides, Clerical Support and Special Event volunteers. Development department activities over the past year included the 18th annual "Cruise Aboard the LifeLine," the annual Fall Appeal and Membership Drive, and the "Highmark Walk for a Healthy Community."

We are pleased to present our 2011-2012 Annual Report of Gifts, and we offer a heartfelt "Thank You" to all those who so freely contribute, be through blood donation, volunteering your time/talent, or financial support. Maintaining a safe, adequate community blood supply can be challenging. However, through the generosity of thousands of blood donors, service volunteers and financial contributors, Miller-Keystone Blood Center is able to fulfill our mission to ensure a safe, continuous blood supply for you, your families, your friends, and your community.

J. Michael Lee, DBA, FACHE

This report recognizes gifts made between July 1, 2011 and June 30, 2012. We apologize for any errors you may find, and ask that you bring them to the attention of the Development Office at 800-223-6667.

THANK YOU
to all who have so
generously contributed.
